

FAASTeam presents:

SBAviators Pilot Roundtable - What Would You Do?

Target Audience: This event is suggested for pilots looking to sharpen their skills by learning from and sharing with other pilots. Open to pilots of all skills and experience levels that are willing to learn, share, and connect.

Pilot Roundtable is an organized “hangar flying” session focused on building in-flight decision-making and proficiency. We use in-flight scenarios to facilitate discussion among members and allow them to share and build their flying experience. During our lively discussion, we illuminate different topics to gain a better understanding of flying and real-life decision-making structured as follows: Introduce the scenario, identify available options to consider, discuss the risks and considerations of each option, hear an experienced CFI's decision-making process and their chosen option. Please bring your tablet or other devices so you can look at charts as we discuss real-world flying scenarios.

Directions: We will be meeting in one of the multi-purpose rooms at the University Club, Santa Barbara. The agenda is as follows: 5:00 pm - Doors open, meet and greet; 5:30 pm - Meeting starts; 6:30 pm - Meeting ends; 7:00 pm - Doors Close
